

Premium Banking Products with a Community Feel

We believe that banking is not only about products and services but also about the community. We strive to be a safe haven of support through all of life's journeys, and we have a different business standard than big banks or credit unions. Metamora State Bank is community-focused, with local boards and management. We can provide more personal service to our customers because we know them.

When it comes to your finances, it's important to choose a bank that meets your needs. But what if your community bank could do more than just meet your needs? What if it could benefit you in ways you may not have even considered? Here are a few ways MSB can benefit you:

1. Personalized service - When you bank with a community bank, you're not just another number. The customer specialists and loan officers get to know you by name and are always happy to help with whatever you need. They're also invested in the success of your business, so you can count on them for sound advice and referrals when needed.
2. Local decision-making - Community banks are locally owned and operated, which means decisions about loans and other services are made right here in your community. That means you can get the personalized attention you deserve and the quick turnaround times you need.
3. Flexible lending options - Because community banks are not beholden to shareholders like large national banks, they have the flexibility to offer loans and other products that fit the unique needs of their customers. So, whether you're looking for a small business loan or a construction loan, we are here to help.
4. Free reward-bearing accounts - Get premium banking products AND keep your money local where it can do more good. These rewarding accounts are found here at your local bank that cares about your community and the people in it. Earn a high rate of return on your balance with Kasasa Cash® or get rewarded on your debit card purchases with Kasasa Cash Back®, and both come with Kasasa Saver® to make saving a breeze. These accounts work just like any other checking or savings account but with monthly rewards and without the monthly maintenance fee.

We take pride in being able to offer our clients unique products that are not only convenient but also promote financial well-being. Our focus on customer service means that we are always available to answer any questions you may have. If you are interested in learning more about our products or opening an account, please visit metamorabank.com or give us a call at (419) 885-1996 today!
